Day 2

## Day 2

**Vancouver Bus Kelowna Bus Revelstoke / Salmon Arm**

**ALL DAY**

Depart from Vancouver in the morning, passing through the scenic Fraser Valley and Merritt, which is the filming location of the movie Jurassic. After lunch, go to Kelowna, the fruit town of BC, to visit the famous "VQA" precious winery, taste red and white wines and buy world-famous Canadian ice wine. Next, we will visit the Changing Color Lake, where the lake surface changes color with the seasons. Overnight in Salmon Bay/Grizzly Town.

Itinerary:

Vancouver ? Merritt (Pass by) ? Kelowna ? Winery (45 mins) ? Kalamalka Lake (15 mins) ? Revelstoke / Salmon Arm

**ALL DAY**

**Grizzli Winery/Summer Hill Winery**

The winery is rooted in the heart of Canada's Okanagan region. Surrounded by mountains and lakes, with long sunshine and large temperature differences between day and night, unique wines are created here. Here, you can taste red and white wines and buy world-famous Canadian ice wine.

**Kalamalka Lake**

Kalamalka Lake, also known as "Color Changing Lake", is a large lake in the interior plateau of south-central British Columbia, Canada, east of Lake Okanagan. At different times of the year, the color of the lake water changes from cyan to indigo, and it appears simultaneously in different areas, so it is called "Lake of a Thousand Colors". During the period of warm weather and enhanced photosynthesis of phytoplankton, calcium, carbonate ions and phosphorus in the water will precipitate, changing the color of the water and increasing turbidity.

Catch the iconic “Golden Mountain” glow and picture-perfect lake reflections at sunset with gorgeous layered light and shadow, and keep an eye out for wild elk, bighorn sheep and even bears along the way for unforgettable natural surprises.

**ALL DAY**

**Glacier National Park**

Glacier National Park is located in the Rocky Mountains of British Columbia, Canada. The park is famous for its glaciers and railway museums. It was established in 1886 and covers an area of about 1,394 square kilometers. After the glaciers retreated, they left behind many beautiful mountains, lakes, and waterfalls. The scenery is ever-changing from large to small and very beautiful.

**Yoho National Park**

Yoho National Park lies on the western slopes of the Canadian Rocky Mountains. Vertical rock walls, waterfalls and high peaks draw visitors from all around the world to this unique national park! Yoho offers exceptional hiking and sightseeing for everyone to enjoy! The park even offers a unique glimpse of Canada’s natural wonders and an insight of this alpine majesty!

**Banff National Park**

Banff National Park is famously known for its colored lakes, majestic mountains, and endless outdoor adventures that it has to offer! It is also Canada’s very first national park and the world’s third! It has a rich heritage and is one of the world’s most awe-inspiring mountain destinations to discover! Make sure to even take a special look at its easy access and close proximity that it has to the vast unspoiled wilderness of the Canadian Rockies. The park itself spans 6,641 square kilometers (2,564 square miles) of pure mountainous terrain. It is greatly packed with spectacular scenic valleys, peaks, glaciers, forests, meadows, and rivers. Take a look at what makes Banff National Park so unique!

**Columbia Icefield**

The Columbia Glacier was formed in ancient times. It is located on the plateau and close to the North Pole. It is one of the 17 glaciers in the Rocky Mountains. It is a famous ancient ice sheet relic in the world and a great watershed between the Pacific Ocean, the Atlantic Ocean and the Arctic Ocean. The Columbia Glacier provides clean water and fresh air for the entire North America, and affects the ecological environment of animals and plants.

**Bow Lake**

Bow Lake is located approximately 30 minutes north of Lake Louise and off the Icefields Parkway (Hwy 93) in the Canadian Rockies. It is half a mile north of the Crowfoot Glacier. It sits at an elevation of 1,920 m (6,300 ft) and is one of the largest lakes at the Banff National Park. It is fed by the meltwater from the Bow Glacier in the Wapta Icefield. Bow Lake is a wonderful place for a picnic and to enjoy scenic breathtaking views.

**Town of Banff**

Banff is a small town within Banff National Park in Alberta, Canada. It is one of Canada's most popular tourist destinations. It is known for its mountainous environment and hot springs, and is a popular destination for outdoor activities and hiking, biking, climbing, and skiing.

**NIGHT**

Due to the limited hotel resources in the Banff area, it is not possible to specify the room type. The hotel will randomly arrange a king-size bed room or a twin bed room based on the room availability on that day. Thank you for your understanding!

Day 4

## Day 4

**Banff□Bus□Banff National Park□Bus□Lake Louise□Bus□Moraine Lake/Marble Canyon□Bus□Yoho National Park□Bus□Banff/Calgary**

**ALL DAY**

Today we'll explore Banff National Park in depth! We'll pass by the Victoria Glacier and head to Lake Louise, known as the "Sapphire of the Rockies," to experience its tranquility and beauty. During the summer when Moraine Lake is open, we'll visit the glacial lake at an altitude of 1885 meters, witnessing this Tiffany blue hidden among the mountains. Afterwards, we'll visit Yoho National Park, taking photos of the "natural bridge" sculpted by erosion. Our final stop is Emerald Lake in Yoho National Park. As its name suggests, Emerald Lake displays varying shades of green under different lighting, its beauty undeniable.

Summer itinerary during Moraine Lake's opening:

Banff ? Banff National Park ? Castle Mountain (passing by) ? Lake Louise (60 mins) ? Moraine Lake (60 mins) ? Lake Louise Village (45 mins, including optional lunch time) ? Yoho National Park ? Spiral Tunnel (passing by) ? Emerald Lake (20 mins) ? Natural Bridge (15 mins) ? Banff/Calgary

Summer itinerary during Moraine Lake's closing:

Banff ? Banff National Park ? Castle Mountain (passing by) ? Lake Louise (60 mins) ? Lake Louise Village (45 mins, including optional lunch time) ? Yoho National Park ? Spiral Tunnel (passing by) ? Emerald Lake (20 mins) ? Natural Bridge (15 mins) ? Kootenay National Park ? Marble Canyon (60 mins) ? Banff/Calgary

Note:

1. Moraine Lake is expected to be open from 06/01/2026-10/13/2026. Please refer to the official announcement of Banff National Park for the actual opening hours. The itinerary on the day of the tour will be arranged by the tour guide.

**MORNING**

**Banff National Park**

Banff National Park is famously known for its colored lakes, majestic mountains, and endless outdoor adventures that it has to offer! It is also Canada's very first national park and the world's third! It has a rich heritage and is one of the world's most awe-inspiring mountain destinations to discover! Make sure to even take a special look at its easy access and close proximity that it has to the vast unspoiled wilderness of the Canadian Rockies. The park itself spans 6,641 square kilometers (2,564 square miles) of pure mountainous terrain. It is greatly packed with spectacular scenic valleys, peaks, glaciers, forests, meadows, and rivers. Take a look at what makes Banff National Park so unique!

**Lake Louise**

Lake Louise, located on the south side of Highway 1, is a famous attraction in Banff National Park. With Mount Victoria as its barrier and surrounded by dense forests, the mountains and waters are interdependent, forming a perfect landscape photo. Lake Louise is like a pearl, otherworldly and otherworldly, so it is known as the "Sapphire in the Rocky Mountains" and has become a lake favored by photographers.

**Moraine Lake**

Moraine Lake is a glacial lake in Banff National Park in Canada. It is located in the famous Valley of the Ten Peaks. The bottom of the lake is filled with mineral-rich gravel. Over the years, the sedimentation has formed ever-changing blue water. It is recognized as the most photographed lake in the world. The lake surface is sapphire blue and crystal clear, like a shining pearl.

**Yoho National Park**

Yoho National Park lies on the western slopes of the Canadian Rocky Mountains. Vertical rock walls, waterfalls and high peaks draw visitors from all around the world to this unique national park! Yoho offers exceptional hiking and sightseeing for everyone to enjoy! The park even offers a unique glimpse of Canada’s natural wonders and an insight of this alpine majesty!

**Emerald Lake**

The beautiful Emerald Lake is the largest lake in Yoho National Park, covering an area of slightly more than one square kilometer. The lake water presents different shades of green under different light conditions, and is known as the "Emerald of the Rocky Mountains." Walking along the lakeside path, you can enjoy the reflections of the snow-capped mountains in the distance and the vigorous pines and cypresses nearby in the rippling blue water.

**Natural Bridge**

This natural bridge was formed after millions of years of erosion by the Kikinhaus River (also known as the Leaping Horse River). Initially, the river water washed out cracks in the solid rocks, causing the rushing river water to continuously break through the cracks in the rocks, and then gradually hollowed out the huge rocks from the bottom upwards, eventually making a huge rock blocking the river channel washed away into a "natural bridge" shaped like a bridge.

**Marble Canyon**

Marble Canyon is a popular hike in Kootenay National Park near Lake Louise, Alberta. The hike is an easy 1 mile (1.6 km) out and back trail suitable for all skill levels with fencing along most areas. The trail follows Tokumm Creek which created Marble Canyon by cutting and carving it’s way through the rock. Turquoise, glacial waters, and startling canyon walls grow ever more impressive along this short trail. Multiple bridges span the narrow gorge, crossing several times for spine-tingling views of the river below! Watch for fuchsia fireweed and mountain bluebirds in a landscape shaped by fire, erosion, and mountain building.
